This lesson enables pupils to:

- **Apply their learning from previous sessions**
- **Give a clear message in a creative way to a group of Primary school children**

Task

As a group you have decided to share your learning on development with a primary school. You have been invited to take a whole school assembly on Global Water Access for 10 minutes followed by a class of 30 Yr 6 pupils. Plan, prepare and design a thought provoking assembly and lesson that gives a clear message. Be as creative as you can!

Each group practices their assembly in front of the others and receives constructive feedback.
